

INSTALLATION INSTRUCTIONS

LOCATE THE FIXTURES

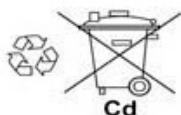

Install the fixtures in the daytime. The fixtures should be located where sunlight radiates directly and stay out of shadows due to the existence of trees, houses, or other similar subjects. Don't locate the fixtures too close to other light sources at night.

REPLACE BATTERIES

Batteries need to be replaced one year after initiating the fixture; use only the same type of rechargeable batteries as replacement.

STORAGE

Store the fixtures in extremely cold weather to avoid frost, be sure to isolate the batteries.

Nickel Cadmium batteries must be recycled or disposed of properly.
