

Sol-Mate® Solar Mole and Gopher Chaser

Model: P7912

Congratulations on your purchase of the P7912 Sol-Mate® Solar Mole and Gopher Chaser. Please read these operating instructions thoroughly before use. It is important for proper use of the product.

The P7912 Sol-Mate® Solar Mole and Gopher Chaser repels unwanted burrowing rodents with the strongest and least expensive power available – the Sun. The solar-powered P7912 uses state-of-the-art technology to repel moles, gophers, voles, shrews and other destructive burrowing rodents. This ingenious device is environmentally friendly and eliminates the use of poisons and traps around your children and pets. The solar panel is enclosed with a watertight sealant in the housing's screw tight top, making it easy to change the battery when needed. Pets won't be affected, but rodents find the noise irritating and eventually move to quieter surroundings.

WARNING

! Do not use indoors. Outdoor use only. !

! Do not leave the unit outdoors in extreme weather conditions. Extremely low temperatures can damage the unit. !

! Do not hammer the unit when installing it. Damage may occur. !

! Do not install the unit where it will cause a tripping hazard. Injury may occur. !

! Do not install the unit in a flood area or where water collects. Damage to the unit may occur. !

! If the housing becomes damaged or cracked, or if the sealant becomes loose, stop use immediately. !

How to Install:

- Grasp the unit firmly to unscrew the top in a counter-clockwise motion.
- Move the switch into the ON position. Replace the top and turn it clockwise until firmly tightened. Do not over tighten.
- Insert the unit into the ground at least 8" deep. You can fully insert the unit so that the base of the housing is against the ground. Do not hammer the unit. You may need to dig a hole first in hard-packed earth.
- Do not install the unit where it can be a tripping hazard. Consider marking the units with a post or flag if they are installed in a pedestrian area.
- Install the unit in the center of pest activity. It operates in a circular pattern, in an area of approx. 7500 sq. ft. (1/6 Acre) and 96 ft. in diameter (depending on the condition of the soil). This must be an unobstructed 96 ft, minor obstructions like lampposts are OK. The signal will be blocked by large obstructions such as foundations.
- Install the unit where it will receive maximum sunlight. Do not install the unit where it will be shaded by buildings, trees, or plantings. If the unit is shaded it will not perform properly.
- The battery will store energy generated by the solar panel when it is exposed to the sun. The battery will power the unit during the night and during cloudy days.
- Remove the unit from the soil if the ground freezes or when flooding occurs.

It may take a week or two to have full effect on unwanted pests. You may note increased pest activity during first use. This is normal.

Replacing the Battery:

The LFP 14430 3.2V 250mAh rechargeable battery will provide hundreds of charging cycles and years of service. In the unlikely event the battery needs replacing, please see the following:

- Grasp the unit firmly to unscrew the top in a counter-clockwise motion.
- Once the top is off, make sure the switch is in the off position and use a small Philips head screwdriver to unscrew the solar panel from the unit.
- Tip the unit down and, with a small shake, GENTLY remove the solar panel and insert the battery in the battery holder.
- Line up the screw holes with their respective holder and replace the solar panel using the screwdriver to tighten the screws.
- Move the switch into the ON position. Replace the top and turn it clockwise until firmly tightened. Do not over tighten.

Specifications:

Model: P7912
Solar Panel: 4.3V 20mAH
Battery Type: LFP 14430 3.2V 250mAh Rechargeable Battery
Frequency: 400 Hz +/- 100
Duty Cycle: ≈ 30 sec.
Weight: 16 oz.
Dimensions: 12 ½ x 3 1/8

P3 INTERNATIONAL CORPORATION LIMITED WARRANTY

P3 INTERNATIONAL CORPORATION ("P3") warrants to the original retail purchaser only, that its product is free from defects in material or workmanship under the condition of normal use and service for a period of six (6) months from the date of purchase. In the event that a defect, malfunction or failure occurs or is discovered during the warranty period, P3 will repair or replace at its option the product or component part(s) which shall appear in the reasonable judgment of P3 to be defective or not to factory specifications. A product requiring service is to be returned to P3 along with the sales receipt or other proof of purchase acceptable to P3 and a statement describing the defect or malfunction. All transportation costs shall be borne by the owner and the risk of loss shall be upon the party initiating the transportation. All items repaired or replaced thereunder shall be subjected to the same limited warranty for a period of six (6) months from the day P3 ships the repaired or replaced product. The warranty does not apply to any product that has been subject to misuse, tampering, neglect, or accident or as a result of unauthorized alterations or repairs to the product. This warranty is void if the serial number (if any) has been removed, altered, or defaced. This warranty is in lieu of all warranties expressed or implied, including the implied warranties of merchantability and fitness for a particular purpose which are expressly excluded or disclaimed. P3 shall not be responsible for consequential, incidental or other damages, and P3 expressly excludes and disclaims liability for any damages resulting from the use, operation, improper application, malfunction or defeat of any P3 product covered by this limited warranty. P3's obligation is strictly and exclusively limited to the replacement or repair of any defective product or component part(s). Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. P3 does not assume or authorize anyone to assume for it any other obligation whatsoever. Some states do not allow limitation on how long an implied warranty lasts, so the above limitations may not apply to you. It is the owner/user's responsibility to comply with local, state, or federal regulations, if any, that may pertain to P3 products or their use. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

If you experience difficulty in the operation of your product, or if your product requires service please contact:
